2018-2019 SNOW & ICE | NORTHFIELD COMMONS

The 2018/2019 snow & ice season is upon us! This year we will have a new snow & ice company. The company is now Outdoor Expressions. Please let us know if you have any concerns about this transition.

SEASONAL MAINTENANCE TIPS

As we enter the cold weather season, please remember when you close up shop for the night, to keep your thermostat around 65 degrees. This will allow your heat to rise much quicker as you begin to open for business the next day. Saving money by turning your heat down in the winter is just not a good idea. I wish I could say turn your heat down, but we have the cold Winter weather here in Michigan.

SALE REPORTS

You can now download & submit your sales report on our website! Per some of your lease agreement, you are required to submit your quarterly sale reports. All July, August & September 2018 monthly sale reports are due! If you have not submitted your sale reports yet, please fax or email them to our office as soon as possible.

Emergency Situations

*ALWAYS CALL 911 FOR ANY LIFE-THREATENING EMERGENCY.

Natural Gas Emergency

Natural gas leaks are dangerous. It's important that you know how to recognize and report a gas emergency. Natural gas is odorless and colorless. A harmless substance is added to it so that it smells like rotten eggs, thereby making it easier to detect a natural gas leak.

What you should do if you smell or suspect a natural gas leak;

1. Leave the area at once. If inside, open doors and windows on the way out.
2. Go to an outside location where you can no longer smell natural gas.
3. Call the DTE natural gas leak hotline at: (800) 947-5000 to report the situation.

Electrical Emergency

Extreme weather like high winds, heavy ice and severe storms can damage power lines or bring them down entirely.

If you suspect wire-damage or see a downed wire...
Call DTE immediately at (800) 477-4747 in all cases.
